EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Paul Lim on May 10, 2005.

The application has been amended as follows:

Claim 1, line 11, after "material" the phrase - has a transmission for electromagnetic radiation in the wavelength range of 240 – 320 nm is below 2% and - has been added.

Claim 1, line 12, before "release" the word - transparent- has been inserted.

Claim 1, lines 16 and 18, respectively, before "package" the word - transparent - has been inserted.

Claim 2 has been canceled.

Claim 11, line 10, after "UV-impermeable" the phrase - material has a transmission for electromagnetic radiation in the wavelength range of 240 – 320 nm is below 2%.

Claim 11, line 11, before "liner" the word - transparent- has been inserted.

Claim 11, line 15, before "package" the phrase - transparent- has been added.

Claim 15, line 1, the numeral "2" has been changed to - 1 -.

Claims 18, 20 and 21 have been canceled.

Art Unit: 1772

Claims 19 and 22, respectively, line 1, the numeral "18" has been changed to - -
1 - -.

2. The following is an examiner's statement of reasons for allowance:

A review of applicants' arguments in amendment filed on February 9, 2005 and a review of the instant amended claims has convinced the examiner that the claims are allowable over the applied prior art of record. The prior art fails to teach or suggest that the UV-impermeable material has a transmission for electromagnetic radiation in the range of 240-320 nm is below 2% and that the UV-impermeable material is transparent. Also, no evidentiary support could be provided to support the position that the instant claimed invention would have been obvious to one having ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Nasser Ahmad whose telephone number is 571-272-1487. The examiner can normally be reached on 7:30 AM to 5:00 PM, and on alternate Friday.
